

Norton Healthcare

PGY2 Ambulatory Care Pharmacy Residency

Residency Program:

Residency Type:	PGY2
Duration/Type:	12 months
Number of positions:	2
Application Deadline:	listed on PhORCAS
Starting Date:	Approximately July 1
Estimated Stipend:	\$52,000
Interview Required:	Yes

PGY2 Program purpose: PGY2 pharmacy residency programs build on Doctor of Pharmacy (Pharm.D.) education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in advanced or specialized practice. PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care that improves medication therapy. Residents who successfully complete an accredited PGY2 pharmacy residency should possess competencies that qualify them for clinical pharmacist and/or faculty positions and position them to be eligible for attainment of board certification in that practice area (when board certification for the practice area exists).

PGY2 AMBULATORY CARE PHARMACY RESIDENCY PROGRAM APPLICATION INFORMATION

Application Requirements:

All application materials must be submitted via PhORCAS. No application materials will be accepted via US mail, email or by submission in person. The following information will be collected via PhORCAS:

1. Applicant information such as demographics, colleges attended, professional experience, etc.
2. Curriculum vitae
3. Official transcript from accredited College of Pharmacy
4. Three reference submissions completed via PhORCAS standard process
5. Personal Statement - Outline your reasons for wanting to complete a PGY2 Ambulatory Care Pharmacy Residency and why you hope to pursue this goal at Norton Healthcare

The deadline is listed in PhORCAS, likely January 1, 2021.

All candidates will receive correspondence that their application is being reviewed. Likewise, all candidates will be notified regarding selection for an on-site interview. On-site interviews will occur in January and/or February 2020.

Inquiries about the residency program or application process can be directed to:
